**unimessage<sup>®</sup> Solo**

Unimessage Solo is a single user, print and scan solution from Wordcraft International. This unique product brings simple and versatile management of all documents within a small office and home office environment.

The shortcut creator in Unimessage Solo can be used to turn any budget scanner and PC combination into a powerful office tool. The shortcuts can be set up to handle all incoming mail and documents by filing them automatically into folders.

Unimessage Solo can also link you directly to our online OCR service, [www.ocrnnow.com](http://www.ocrnnow.com), helping you manage your OCR'd documents.

For all Facebook users there is also a link to upload your files directly to your profile.

***Unimessage Solo can be used as a:***

- scan to email tool, scan any document and email it.
- scan to folder, scan any document as a PDF and send it to a desktop or shared network folder
- scan to print, can be used to turn a scanner and printer into a photocopier

**Solo** is unique in that it can open many image types and import images from scanners and third party applications, which can then be combined and saved as PDFs.

- Images to PDF – tiff, bmp, jpg, PDF, fax and png
- PDF to XPS conversion
- Print to PDF
- PDF Editor
- Scan to PDF
